

SUPPORTING STANTON

Stanton Healthcare Baby Bottle Drive

Dear Pastor,

We would like to introduce you to Stanton Healthcare and ask for your support by hosting a Baby Bottle Drive (BBD) at your church.

Stanton Healthcare's mission is to offer life-affirming options and resources (at no charge) to abortion-vulnerable women; provide hope to those struggling from the pain of a past abortion; and to encourage a life-affirming culture of sexual integrity in the emerging generation.

Stanton is a 501c3 non-profit, faith-based charitable organization. We operate a mobile medical clinic staffed by medical professionals and equipped with a state-of-the-art ultrasound machine, used to provide a crucial "window into the womb" for mothers considering abortion.

To raise necessary funds as well as increase awareness, Stanton does a simple but extremely effective fundraiser called a Baby Bottle Drive. It's simple because all you have to do is announce the Baby Bottle Drive and we will do the rest! We will provide the empty baby bottles, your church family will each take one home, fill it with change, cash and checks and return it to church in 3 weeks.

We will also provide weekly announcements for the bulletin, pick up the filled bottles and give you the grand total that you can share with your congregation. Many churches have so enjoyed the fundraiser that they have made it an annual event.

It's also a great family event. Kids love taking the bottle and filling it themselves and it's a great teaching opportunity for parents. It's also a great way to build awareness in the community about our ministry.

Please consider adding a Stanton Healthcare BBD to your annual calendar. For more information, please contact Jayne White at 909-222-2900 or Jayne@StantonSoCal.org.

Spare some change... save a life!

Stanton Healthcare is a life-affirming ministry that offers quality medical care and compassionate alternatives to abortion to women faced with unexpected pregnancies.

Our church has the opportunity to support Stanton's important work by participating in the annual Baby Bottle Drive. This is a great way to encourage kids to give, and a reminder to your family to pray for Stanton's ministry.

All you need to do:

Pick up an empty bottle on your way out from volunteers in the lobby or at the Stanton table.

Take the bottle home, fill it with spare change, and bring it back in 3 weeks. Feel free to add paper money or checks!

For more information about Stanton Healthcare and our Mobile Clinic, visit StantonSoCal.org.

Thank you for your support!
